Subject: Date for NWIFC-Swinomish-EPA Meeting: Response Requested

Hi Rachel,

Thanks for checking into folks' availabilities on your end. Of the date range you suggest (May 23-25), it looks like Wednesday the 25th would work for us, either between 9-1 or 3-4:30.

In terms of location; we could meet here at EPA if a central location is desired. If travel is a difficulty, we can meet by phone, but it would be great to pin down a date and time as soon as possible to follow up from our April 25 meeting at the Commission.

Please let us know what will work for NWIFC as well as the Tribe.

EPA folks: I've identified our availability based on everyone's calendars for that date. Please let me know if there is a conflict that I missed.

Lisa

Subject: Int. Req. form and meeting update

Hi Lisa-

{Greg Hood got back to me with additional information for the international travel request form. I've attached the filled-out form.

As for the Swinomish meeting- folks are still discussing availability. Next week is full due to Commissioner meetings and Folks's prior commitments. The meeting would probably be best scheduled for early on the following week on May 23-25th to avoid Memorial Day. Let me know what you think and if you need any other information for the international travel request.

Thank you!
